

Guidelines For The Group Experience

This exclusive group experience is intended to create a place where we can hold discussion on college and career readiness, share resources, and support better student experiences. In order to achieve this, we do have a few expectations in order to keep this group focused and productive:

Relevance: Ensure your contributions are appropriate to the space you are sharing within. For example, somebody asking for ideas on their WBL is not the place to rant about that state needing legislature or other matters that don't address the core of the question being asked.

Inappropriate content: Considering we work in education, it is best to assume at some point your leadership could come across your conversations here. Also, threats, harassment, lewdness, hate speech, or other displays of bigotry will not be tolerated.

Privacy: Don't publicize people's private information. Someone else's or your own.

Spam / Self Promotion: We all want to support each other and share cool things. However, please limit self promotion on the platform. A good rule to keep in mind is deposit more than you withdraw.

Intellectual property protection: Respect legitimate intellectual property rights, do not plagiarize work, and give credit to the originators of ideas.

Illegal Activity: There are a few features of the site that are not as public as main spaces. However, we still have the ability to view this information if necessary and will report any suspicion of illegal activity to the authorities.

Messaging: We have some really cool features to keep you connected with others. Please don't use these features to harass other users or send other inappropriate

content, and remember, accounts are for personal, non-commercial use only.

Tracking Users: This user group uses Google Analytics to collect data. We need this data to understand how you use this experience so we can improve its design and functionality.

Exclusivity: There is implied exclusivity with this group experience. With that in mind, any photos, videos, thoughts, opinions, and resources should not be shared outside of the group without permission from the content owner.

SchoolLinks Offers The Platform: SchoolLinks offers and operates the platform as a place for collaborative discussion and relationship building. However, SchoolLinks has the right and authority to take any reasonable action (Such as suspension, ban, revoking access etc.) in cases where deemed warranted by SchoolLinks.
